## **Queer Unity for Employee Education and Resources (Q.U.E.E.R.)**

### **Mission Statement**

Through education, activism, and compassion, we seek to expand acceptance for the LGBTQIA+ community alongside our allies. By asserting our humanity as we move forward, we will make ourselves known throughout Benchmark and become a force of positive change in the company, the states we serve, and everywhere we have influence. We hope to impact others' willingness to be accepting, understanding, and inclusive.
